**CONFERENCE AT WORK ON ISSUES NOW PARAMOUNT**

Arms Meeting Drops Naval Affairs for the Time Being.

**CHINESE ARE FIRM**

Determined To Bring Up Famous 21 Demands In Near Future.

Washington, Jan. 14.—Having gone as far as possible in the completion of the new naval treaty without hearing from Tokyo, the big five powers dropped naval affairs for the time being, today, and the conference again took up the tangled skein of far-eastern questions.

Undeterred by the known opposition of the U. S., Great Britain and the Japanese, the Chinese delegates, who have been patiently biding their time for a month were prepared, today, to take advantage of the first opportunity to press for consideration of the famous 21 demands.

Elihu Root's assertion that the 21 demands had no place in the conference and the plain statement from M. Hanihar, the Japanese vice minister of foreign affairs that if China brought up the 21 demands, Japan would "dispose of them in a few minutes" have not weakened Chinese resolve.

China regards the Shantung issue as important but the 21 demands, her delegates regard as vital to China's health and continued life. The loss of Shantung, Dr. Wang said, might be described as the amputation of a limb, but the 21 demands were "poison" which is extending to the whole body of the country.

It was frankly admitted, today, that the handling of the 21 demands questions when it is formally put up to the far east committee by the Chinese will be a delicate matter.

Some skillful manipulation of the diplomatic reins will be necessary to keep either China or Japan from bolting the conference.

**JURY IN ARBUCKLE CASE NOT LIKELY TO CONTAIN WOMEN**

Count Stands 11 Men and One Woman Early Saturday.

San Francisco, Calif., Jan. 14.—Roscoe "Fatty" Arbuckle may be tried the second time for manslaughter by a jury composed entirely of men. There were five women on the jury in the first trial.

If the defense decides to abandon their hope of a mixed jury made as necessary as possible for an equal number of men and women the jury will likely be completed, today. If Gavin McNab chief counsel for the film star holds his intention it may not be completed until some time next week.

When court convened, today, the count stood eleven to one with Mrs. Mary Somers the sole feminine representative in the box. The defense removed by challenge two of the four women who had been passed and the state one.

If the defense decides to submit the case to a jury composed largely of men Mrs. Somers will be removed by challenge. But the probability existed that some of the men now in the box will be removed in an effort to get more women eligible for duty.

The defense retains, today, seven of its peremptory challenges and the prosecution three, enough to change almost the entire box if counsel desires. Should the task of selecting the jury be completed, today, the taking of testimony will start Monday.

**WOMAN WILL RUN FOR SENATE SEAT AS INDEPENDENT**

Cleveland, Jan. 14.—Declaring that she "desired to protest as effectively as possible against the seating of Truman H. Newberry, by the United States Senate, Mrs. Elizabeth Green, sixty, has announced her candidacy for United States senator to succeed Senator Pomerooy whose term expires next May.

Mrs. Green expects to make the race independent of party affiliations she said, although heretofore she had been allied with the Democratic party. She has served for 12 years on the Cleveland board of education.

TO REVEAL EVIDENCE  
Defiance, Jan. 14.—Unusual interest prevails in the January term of court, which got down to business this week, with more than a score of witnesses summoned to appear before the grand jury. Recent investigations by secret operatives here and their alleged findings with regard to gambling and illicit liquor operations are expected to be revealed in evidence submitted by Prosecuting Attorney Roger D. Hay. It is predicted that many more witnesses will be subpoenaed by the grand jury as the result of evidence which may be introduced.

**HARDING ISSUES APPEAL TO GOVERNORS TO AID IN ERECTING NATIONAL MEMORIAL**

National Victory Memorial Building To Be Built In Washington To Be True Shrine of Patriotism, Says President in Letters to States' Executives.

Washington, Jan. 14.—President Harding has written to the governors of all states and territories requesting them to take part officially in the erection of the National Victory Memorial Building in Washington, it was announced, today, at the White House. Endorsements of the project have already been received from the governors of New York, Maine and Delaware.

The memorial building, according to the president's letter is intended to be a worthy national memorial of the services of our armed forces in the world war and also to represent a compliance with the wishes of George Washington that a great educational establishment should be provided here.

"The great auditorium" the president said "designed as a meeting place for national and international gatherings, will have its ceiling studded with gold and blue stars, a blue star for every survivor who served in the war; a gold one for each one who gave his life in the service; with the initials of every man marking his own star. This will be produced a true service flag of the nation with its millions of stars; and that it may be given the character of a truly national memorial, it is wished that each state provide for the stars for its own men, in addition to any other participation it may choose to assume.

"To make this structure a true shrine of national patriotism, representing for our country the sentiments that West Minister abbey and St. Paul church attest to English

**MAN ELECTROCUTED WHILE AT WORK**

Springfield, Jan. 14.—Earl Steen, 25, electrical engineer, of 113 North Wittenberg Avenue, Springfield was electrocuted at the power house of the Metallic Casket company, while working with a 250-volt electric welding iron, shortly after five o'clock, Friday afternoon.

None of the employees working in the power house knew of the accident until the whistle for quitting time was blown at five-thirty. When last noticed Steen was working with the electric welding iron, near a switchboard, in a corner of the building, about five o'clock.

Efforts to revive him with a pulmotor failed, and he was thought to have been dead about fifteen minutes when found. Coroner Alfred H. Potter, after examining the body, gave a verdict of accidental death. The remains were removed to the Herr and Craver undertaking parlors to await funeral and burial.

Steen roomed on North Wittenberg Avenue, and had lived in Springfield more than a year. He is survived by a brother, in Columbus, and several sisters.

**DISCOVER BODIES OF TWO ALLEGED OHIO BOOTLEGGERS**

Violent Deaths Are Met By Both—Wife Is Held.

Columbus, Jan. 14.—Bodies of two alleged murdered bootleggers are being prepared for burial, today. Maurice Clark, former local policeman said to have made \$80,000 in less than 12 months by bootlegging, and Carl Catt, world war veteran, who formerly lived at Newark, are the dead men.

Mrs. Florence Clark, widow of the dead former motor cop, told the police she shot her husband in self-defense when he threatened to "get" her and started after her despite her warning that she would fire a double-barrel shotgun if he approached her.

The fatal shooting occurred at the home of Mrs. Clark's mother, Mrs. I. C. Lesquereaux, South High and Frankfort streets. The bullet tore away part of Clark's chin and entered his chest. Mrs. Clark had filed a suit for divorce, objecting to his bootlegging.

Clark is said to have operated a big still on a farm near Gallipolis. He became angry, it is said, when Mrs. Clark refused to move to the farm.

Catt, according to county officials, met death as a result of a feud between gangs of liquor runners. His body was found, face downwards, in the Reynoldsburg-New Albany pike near East Broad street. Catt's body has been taken to Newark where his parents, Mr. and Mrs. Richard Catt, reside. A sister, Mrs. Paul Needham, lives at Granville.

**OBJECT TO FARMER ON BANK BOARD**

Washington, Jan. 14.—Opposition to the proposed legislation directing the president to appoint a farmer to the federal reserve board was declared in a memorial presented to Mr. Harding yesterday by the advisory council of the board. The members of the advisory council called at the White House after a conference between the president and several senators with the idea of framing the bill to meet what are understood to be the executive objections.

The advisory council, which is composed of one representative from each of the 12 federal reserve districts adopted the memorial at a meeting prior to its visit to the White House. In the memorial the council declared it deprecated "in strongest terms this first step of bringing class representation onto the federal reserve board and permitting political pressure to exert its baneful effect upon the system."

**PROVISIONAL GOVERNMENT IN IRELAND ESTABLISHED**

Southern Ireland Parliament Formally Ratifies Irish Peace Treaty—Temporary Administrative Commission Does Not Contain Name of Arthur Griffith.

Dublin, Jan. 14.—The southern Ireland parliament today ratified the Irish peace treaty.

Eamonn DeValera, "former president of the Irish republic" and his followers boycotted the meeting.

The southern parliament created a provisional government to administer the affairs of all Ireland except Ulster province until the British parliament at London enacts a law officially creating the Irish free state.

The temporary provisional government or administrative commission includes Michael Collins, minister of finance in the Sinn Fein cabinet and chief leader of the Irish republican army; Alderman Cosgrave, E. J. Duggan, formerly chief liaison officer of the Irish republican army; Patrick Hogan; Fionan Lynch, Joseph McGrath, Kevin O'Higgins and John MacNeill, chairman of the Dail Eireann.

Before the meeting opened it was reported that, for diplomatic reasons Arthur Griffith, founder of the Sinn Fein, would not seek a place upon the commission and that MacNeill would be proposed as its head.

Griffith explained that the provisional government would execute the terms of the Anglo-Irish treaty but that the Dail would remain in until a general election is held. He appealed to "every good Irishman" to support the new regime, saying:

"The provisional government will regard no distinction in Irishmen. Its policy will be fair play all around and for all factions. Let us banish our old differences. New differences will arise of course, but only between Irish owning one status."

Griffith assured the members of the southern parliament that amnesty will be extended to all imprisoned Irishmen.

It is likely that the life of the government will not extend over three weeks. As soon as the West Minister parliament convenes on January 31, steps will be taken to bring the Irish free state into being as rapidly as possible.

The ratification of the Irish peace treaty by the southern parliament was more or less of a formality. Its fate was decided by the Dail Eireann one week ago today when the pact was ratified by a majority of seven votes. It had been stipulated in the British-Irish treaty however, that the parliament meet to approve the pact in order to confirm the validity of the law which had created the parliament.

Little time was lost in discussion of the treaty. The followers of the

Collins-Griffith faction in the Sinn Fein had things all their own way.

**LLOYD GEORGE AND POINCARE DECIDE ISSUE**

Economic Conference Depends On These Two Officials.

London, Jan. 14.—The fate of the economic conference at Geneva will depend upon the outcome of the conversations between Premier Lloyd George and M. Poincare, French premier-designate, at Paris, according to views advanced by British officials, today.

There is a growing feeling of pessimism that the British and French premiers will be unable to agree upon plans for the economic conference.

It is understood that the two premiers would put their attention to Anglo-French treaty of alliance, but they will touch upon the following other matters:

1.—The future attitude of the French government on German indemnity and sanctions in the event of non-payment.

2.—The guarantees France will demand from Russia for the latter's participation in the Geneva conference.

It was understood in circles close to the government that Premier Lloyd George would offer M. Poincare modifications in the proposed Anglo-French pact and would offer to extend it to include Belgium and to insurance of the Rhine province.

**HAYS TO RESIGN CABINET POSITION ABOUT MARCH 4TH**

Washington, Jan. 14.—Postmaster General Will H. Hays, will resign from his office in the near future to accept a \$150,000 offer with a group of moving pictures, it was announced, at noon today.

The announcement that Hays will retire from the cabinet was made following a conference of nearly an hour between the postmaster general and President Harding. When it ended President Harding made the following statement:

"The postmaster general and I have been discussing at considerable length the proposal which has been made to him to become head of a national association of motion picture producers and distributors. If the arrangement proves to be, when the details are worked out, what it seems to be I cannot well interpose any objection to Mr. Hays' retirement from the cabinet."

Will H. Hays

net to take up work so important. It is too great an opportunity for helpful public service for him to refuse. I shall be more than sorry to have him retire from the cabinet where he has made so fine a record but we have agreed to look upon a situation from the broadest view point and seek the highest public good."

No date was set for Hays retirement from the cabinet.

Hays issued the following statement:

"With the president's consent I have decided to undertake the work suggested by the moving picture producers and distributors. No contract has been executed as yet. I am assuming, of course, that a satisfactory contract will be possible and one that will make certain the carrying out of the high purposes contemplated by this great industry."

The postmaster general said that no date has yet been set for his conference with the moving picture magnates to settle the details of the arrangement.

**CONGRESS WILL PASS ON FORD'S NITRATE OFFER**

Weeks Will Not Recommend Acceptance of Proposal By Lawmakers.

**FORD IS SILENT**

Position Identical With His Original Proposition He Says.

Washington, Jan. 14.—Content to "rest his case with congress" Henry Ford will leave Washington late today for Buffalo, without holding further conferences with government officials regarding his offer to take over and operate the government nitrate plant at Muscle Shoals, Ala.

Washington, Jan. 14.—Henry Ford America's billionaire automobile king, whose offer to take over and operate the government's Muscle Shoals, is still in Washington, today, and may remain for several days, he said.

The responsibility of making a decision in the Ford offer will be passed along to Congress. Secretary of War Weeks said, today, he would put the offer in contract form and send it along with the offer bids that have been made for the plant putting it squarely up to Congress to make a selection or reject that lot of them, as Congress sees fit.

Secretary Weeks made it plainly understood that he would not recommend the acceptance of the Ford proposal by Congress. Neither would he recommend that it be turned down, he indicated. The administration's position is that it is a matter congress will have to decide ultimately anyway. Weeks will send some "comments" along with the offers, but they will not be in the nature of recommendations.

Ford planned to confer, today, with his district managers and field men. It was said at his hotel. Ford's engineers, J. W. Worthington and W. B. Mayo, who have been in constant consultation with Secretary of War Weeks, will continue their consultations, it was learned.

Ford maintained his reticence, today, with regard to the consultation he had, yesterday, with Weeks, Hoover and General Tabor, where a "deadlock" developed over the Muscle Shoals project when Ford refused to modify his original proposals to conform with the view of the administration.

The automobile king reiterated his stand, when he informed newspapermen that his position was identical, today, with the original proposals made by him to the secretary of war, with the single exception that he had modified them on the point of agreeing to pay four per cent interest on cost of building dams numbers 2 and 3 from time of their completion to the expiration of the contract. This was based on the government request that there should be a guarantee of limitation of cost of building dams numbered 2 and 3.

It was believed in some quarters that Ford's consultation, today, with district managers was to put before them clearly his stand on the offer he has made the government, and then leave the city with the matter in the hands of his lieutenants.

**CATHOLIC BANK OF ITALY SUSPENDS**

London, Jan. 14.—The Catholic bank of Palermo, suspended today, according to a Central News dispatch from Rome.

A number of financial and other business concerns have asked the Italian government for a moratorium to escape immediate payment of debts. The chief incident was the suspension of the Banca Italiana Disconto at Rome.

WILMINGTON GOES DOWN IN DEFEAT TO LOCAL TOSSERS

Wilmington high basketball team proved an easy foe for Coach Jerry Katherman's basketballers at the Rink, Friday night, in spite of the fact that the locals were wild on their basket shooting, and the event turned out 22 to 6 in favor of the blue and white five. The Katherman proteges showed excellent form in their pass work and general floor play.

The blue and white quintette was crippled because of the absence from the lineup much of the time of Captain Boxwell, who was ill, and who only played a short time during the game. The locals scored first when Captain Boxwell, in the game at the start, netted the first fielder after four minutes of play. Geger's offering came second, and the half ended with the score 9 to 2 favoring the blue and white team.

The blue and white pastimers showed a little more scoring form in the second half, netting 13 points in that series, while the visitors were scoring four. Three field goals were the best Coach Black's athletes could do during the game, and they never assumed dangerous proportions. Geger was again high-score man for the locals, with six baskets, although considerably off on his floor work, while the floor work of Lones, Douthett and Vannorsdall was exceptional. Merker garnered two of the Quaker's baskets and McMillan, a substitute guard, was responsible for the other one.

Coach Katherman takes his charges to Eaton, Saturday night, where they will play Eaton High. Little is known of the Preble county team, but the locals are hoping to make it two wins in two days. The lineup and summary:

TREASURER NAMED IN SUIT

The plaintiffs claim they are owners of two lots on Main Street and in 1917 on the authority of the City Manager, had the properties connected with the sewer for house drainage. Later, the petition states the city had another sewer built past the properties and connected these properties to the new sewer. The plaintiffs charge the city has now assessed this second cost against them, which they charge is invalid. They ask the court for a temporary restraining order, restraining Mr. McVay from collecting the taxes, and that this order be made perpetual on the hearing. C. W. Whitmer, attorney, represents the plaintiffs.

DEER MUST NOT BE HUNTED IN OHIO

Columbus, Jan. 14.—A. C. Baxter, chief of the Division of Fish and Game is calling attention to the fact that a number of deer are being killed in Ohio. He also gives out the warning that it is unlawful to kill deer in this state, except deer privately owned and kept in an enclosure, and that the penalty for hunting or killing a wild deer in Ohio is from \$25 to \$200 and all violators will be severely prosecuted. Several deer have been killed or pursued with intent to kill during the past month, and a number of guilty persons have been prosecuted. "I can not conceive of any reason why any citizen of Ohio should attempt to violate the game laws in such a flagrant manner. Farmers and sportsmen like to see the deer and are doing everything possible to assist the Division in protecting them," Baxter says.

Los Angeles, Calif.—"I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed' for you were a 'friend indeed.'"

## PROPOSES TAX ON LUMBER CUT BEFORE SPORTSMEN'S MEET

Columbus, Jan. 14.—Declaring that governmental supervision of the lumber business is imperative, former congressman M. L. Davey, Kent, addressing the 400 members of the league of Ohio Sportsmen holding their annual session at the Hotel Deshler here recommended that the United States government license the lumber industry until a new supply of timber can be planted and grown. He favored a tax of \$1 per 1,000 feet of lumber cut, for the purpose of creating funds to be used for replacement through reforestation.

Mr. Davey said, that if he were governor he would establish throughout the state public recreation areas to be maintained in their natural wild state and set aside portions of such areas for hunting and fishing. He would also build up the state's fish resources and would reforest the waste places and headwaters of streams.

Assurance was given by A. C. Baxter, state fish and game chief, that public shooting grounds with game refuges in conjunction would be established in Ohio at once.

He said 60,000 pheasant eggs were distributed for hatching in Ohio last year, and 15,000 live pheasants liberated, mostly on game refuge territory.

"Ohio now has 50,000 acres set aside as refuges and we hope to have 100,000 by July 1," Baxter said. He urged that a strong stream pollution law be passed as well as the resident fishing license law.

E. A. Quarles, New York, representing the American Game Protective Association, praised the work of the Ohio division of fish and game, saying that a national record had been made by the department in rearing 7000 pheasants at the Wellington game farm in 1921.

That Ohio is able to co-operate with the stream pollution problem was shown by J. T. Travers, superintendent of streams, who said a number of plans had been installed in the state at various factories which were polluting waterways, with the result that pollution was being eliminated economically with out hampering industry.

A clash between fox hunters and enemies of the fox lent spice to discussions. Fox hunters denied the fox was a nuisance, while others branded the fox as a deadly enemy to wild life. Baxter brought the debate to a close by urging that the fox law be left as it is.

Young was buried in Lagos, Nigeria, January 9, but that it did not have details of his death or even the date.

That it will probably be a month before information concerning details of Col. Young's death will reach here, was Mrs. Young's belief Saturday. Freshmen girls attained more degrees of "excellent" than any other class of students, with a percentage of 25.5 while the Senior girls were second with 21.4 per cent. CLASS PLAY CHOSEN.

After much reading and searching for a clever and appropriate class play the juniors have selected the one which they think will fill the bill and please the public. "A Comedy 'Hurry! Hurry! Hurry!'" a comedy with sparkling laughter and wit has been chosen. Miss Junk the faculty advisor and the committee are diligently at work selecting the members of the class who are to take part in producing the most successful junior class play. The date has been set for March 17, and Miss Junk expects to begin practicing immediately.

ASSEMBLY FRIDAY.

The first assembly to break the monotony of recitations during 1922, was held Friday. Principal Penney addressed the student body with a few words saying that this week is the week for the celebration of prohibition. This week has been set aside for the schools and all public institutions to celebrate the day of law passed. One year ago prohibition became a national law.

Mr. Penney introduced Attorney W. L. Miller who talked to the students concerning the importance of the law, why we have a law, what the law really is and how to respect it. Good government is obtained by respect of the law, he said, and to have respect for the law the citizens must be educated, said the speaker. Our dreams of respect for the law will be realized, said Mr. Miller, when the students are educated to understand the law. The citizens are in sympathy with temperance and respect the national prohibition law and it will only be enforced by them. Thus the coming generation of which the student body is part must be trained to support the laws of our country, according to the speaker.

## NEW METHOD FOR BOOTLEGGING.

Albert Wheeler, who works at one of the large fish markets in New York, claims the distinction of having discovered a species of fish stuffed with quarts of whiskey. He

made this startling discovery while sorting a load of cod just received from New England fishing banks. Prohibition agents are investigating this new system of bootlegging.

## WIFE AND BABE MAKE HIM ACCEPT \$1,000,000 HE SPURNED

Idealism is a beautiful thing, but it is outweighed by a wife and baby, according to Charles Garland, who has reversed his original decision and accepted the \$1,000,000 legacy left him by his father, the late James A. Garland, of Boston. Young Mrs. Garland and her newborn child, who, with the husband and father, are living in a tumble down farmhouse a short

distance from here, were responsible for his change of heart. Garland, who refused the fortune because, he said, it was not "Christlike" has come to believe his wife and child are entitled to whatever comforts can be obtained for them, wherefore the necessity for money. Garland surprised the world in 1920 when he refused to accept a legacy of more than \$1,000,000. "Christ

would have refused to be a millionaire, why shouldn't I?" said young Garland. At that time he had just reached his majority. So Charles Garland has become a millionaire after all and it is confidently expected that one of the first outward signs of affluence will be extensive repairs made on the farmhouse. The photograph shows Charles Garland and his wife.

## HUNDREDS OBSERVE ANNIVERSARY OF ROOSEVELT'S DEATH.

Mrs. Theodore Roosevelt & Oscar Straus.

The third anniversary of the death of Theodore Roosevelt was fittingly observed by hundreds who made pilgrimages to his simple grave at Oyster Bay. After paying homage to the great American's burial

place, many visited Mrs. Roosevelt at her home at Sagamore Hill. Oscar Straus, philanthropist and former American Ambassador to Turkey, is here shown paying his respects to Mrs. Roosevelt.

FARMERS CONDUCT CAMPAIGN AGAINST NUMEROUS PESTS

Farmers of the vicinity of Paintersville have emphatically "gone in" for the rat, sparrow, hawk and crow drive that has been inaugurated in that vicinity during the past week. The farmers have been divided into two teams, 33 men to each team, with a captain at the head of each, and are valiantly striving to exterminate the pests. Howard DeVoe, and Donald Barnhart, have been chosen captains of the two teams.

The men carry on the drive night and day, hardly stopping to eat or sleep, it is said. The drive will end next Thursday when the members of the losing team will entertain the winners at a banquet in the Paintersville K. of P. lodge hall.

Styles BY LENORE

Here is one of those simple types of frocks which makes a strong appeal to the well dressed woman who has learned to avoid the dangers of the complex in clothes. It is made of beige tricot, with slender side

panels that hang free below the waist. These are trimmed with self-color silk braid.

Note the practical sleeve, with the buttoned wrist band, and the successful effort to get away from the bateau neckline. And for the woman who has undue curves above the waist and who is troubled with a corset band that pushes out at the front—a feature of the low corset which seems difficult to correct—this modified basque line is an advantage over the looser effect of the one-piece dress.

A design of this kind is also especially well adapted to the regulation navy blue with which most women like to start a new season.

FRESHIES OUTCLASS SOPHS ON FRIDAY

Freshman class basketball team grabbed off an edge on the school championship fight by eliminating the sophomore team 15-15 at the Rink Friday night, in the first game of the annual inter-class series, played preliminary to the Central high Wilmington contest.

When the official time was up for the game, the teams were hopelessly knotted up 12 to 12. In the five minutes overtime declared, Perrine tossed in a foul and White garnered a field goal running the first-year total up 10-15. Hendrickson tossed three fouls for the Sophomores in this period that would have tied the county but for the fact that on the first one he stepped too far over the free-throw line, and the goal was not counted. The first half ended 8 to 7 in favor of the freshmen.

Captain Hendrickson was the Sophomore individual star while Perrine and White starred for the Freshmen. Line up and summary:

THOUSANDS DIE FOR FASHION

WINTER JELLIES AND MARMALADES

"What kind of jellies and marmalades can be made with fruits now on the market?" a reader friend has asked. My answer is the following set of recipes:

Apple Jelly: Cut the apples in quarters, not removing cores, and barely cover with boiling water; let simmer undisturbed until tender, then turn into a jelly bag and let drip for several hours. For 1 quart of this strained apple juice set aside 3 cup of granulated sugar. Heat the sugar slightly in the oven. Put the juice into the preserving kettle, bring to a boil, let continue to boil for fifteen minutes, add the warmed sugar and let boil until two drops when put on once on the edge of a spoon when a little of the juice is held high in the air and dripped back into the kettle (this is called the "jelly test"). Then turn at once into hot glasses which have been boiled ten minutes—"sterilized"—in clear water. Let cool before covering with melted paraffin.

Apple-Mint Jelly: Use above recipe in every detail, except add 1 teaspoon of dried mint leaves—this comes in packages at most grocery stores—to the apple juice just before the warmed sugar is added to it; let it boil 15 minutes, strain it to eliminate the mint leaves, then return the juice to the kettle and add the sugar.

Prune Marmalade: Soak and cook 5 pounds of prunes until they are tender. Then cool, remove stones and chop fine. Add 2 pounds of granulated sugar, 1 thinly sliced and seeded lemon, juice of 1 grapefruit, 1 teaspoon each of ground ginger and cinnamon, and 1-2 teaspoon of ground cloves. Add to this mixture, 2 cups of water in which the prunes were stewed, and let the mixture boil down until it jellies. Put into fruit jars "sterilized" as above described for the jelly glasses and cover with hot, with the glass tops.

Orange Marmalade: To make six glasses of this, take 6 large oranges, wash and weigh them. They

HELEN HUNTER'S HUSBAND

BY JANE THELPS

CHAPTER 13

Aghast Jack had listened to Helen's chatter—her frank avowal that she had used all the week's house money to provide the elaborate tea she had served the club. For the moment it overshadowed her shame of him, which had cut deep.

"But, Helen, you shouldn't have given them so extravagant a spread. We can't afford such things. I haven't a single new policy through, and I gave you my last \$5 bill this morning."

"Is it my fault you haven't made more money? It's to be made or Howard Dunn couldn't do it. As I have told you many times, you are just as smart, even smarter than he is. You don't try hard enough."

"I'm glad you think me, at least Dunn's equal in brains, but I am not able to get over the big policies he writes. Perhaps I shall when I have been in the business as long as he has. But in the meantime we will have to cut our cloth according to our pattern. I guess you'll have to give this club up, Helen. We can't afford such luxuries yet."

Jack Hunter felt his heart sinking as he saw the expression on his wife's face, but he was not prepared for the hysterical outbreak that followed his intimation she would have to give up her club.

"I won't give up my club! It is all I have. What fun do I have with you? No theaters, no concerts, hardly a

cheap movie. I won't listen to you. I won't!" A flood of tears and sobs racked her slender body. "If mother was alive she wouldn't let you treat me so! She always wanted me to have a good time, and you begrudge me even belonging to one little club."

"There, Helen, don't cry, dear. Let's talk things over. If I could afford it you should belong to all the clubs you wanted to, although you know I hate to have you gamble. And—"

"The idea of saying I gamble! Just because we play for enough money to make it interesting! But of course you'd like some excuse for treating me as you do. You know I love you, and that's the reason I stand it. But it is always the loving wife who gets the scoldings. If I was like some women

straight to bed. I'd like to slap Natalie! Making me lose 20 dollars!" Helen was already taking the pin from her hair.

"You do look tired, dear, run along to bed, I'll attend to the work."

"You're an old dear, Jack!" His wife stood on her tip-toes and kissed him. "Try and be as quiet as you can, you noisy old dear, so I can go right to sleep. I hate entertaining without a maid!"

Her kiss had taken away the last bit of resentment he bore toward her. It was her mother's fault, that poor hard working boarding house landlady. He must be patient with Helen, he was all she had in the world, and she was so loving. Even when she couldn't do as she wanted to she was rarely cross, just hurt—so Jack reasoned as he went about the evening's work. It lasted longer than usual because of the extra dishes used for the club. Yet his thoughts were so busy that he was surprised to hear the clock strike ten just as he finished the last bit of work, setting out the milk bottle.

Up to this time Helen had cried but little since she went for her mother. Her tears had affected Jack strangely—made him feel all kinds of a brute, as he said to himself.

He read until 11, then crawled into bed. Helen was sleeping as placidly as a child.

Tomorrow—Jack Turns in Two Large Policies.

## Every One Has A Kind Word to Say of The Page (Internal) Pile Treatment.

### Two Tablets and Back to Work

"I have been a sufferer from piles of the worst form for the past six years. I had consulted with the best doctors, but to no avail. I had been unable to work for the two weeks previous to the time I sent for your treatment, and suffered terribly, not being able to find a position I could rest in.

The day I received the medicine I took two pile tablets after supper and one pill before I retired. The next day I worked and have continued to work ever since. I feel like a new man.

I have recommended your treatment to a friend of mine who is bothered with itching piles, as I know it will knock 'em out.

Thanking you kindly for the prompt attention given my order, I am, yours for success."

IRA M. SACORA.

Ainsworth, Iowa.

### Aged 88—Suffered for Years

"I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old and the oldest active blacksmith in Michigan, I feel years younger since the piles left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy."

Yours truly,

J. L. LYON.

Homer, Mich.

### Told There Was No "Home Cure"

"Replying to your recent inquiry I am glad to be able to state that the two large-size packages of treatment I ordered for my son cured him sound and well.

I have tried several remedies but none seemed to have any effect. I was told by some that there was no such thing as a **Home Cure** for piles. Then by chance I picked up a piece of scrap paper and saw your advertisement. I asked for a free sample, got it, and after I had seen what it had done, I ordered a large-size treatment and it almost completely cured my son. Then I ordered another, and I say I can bless the day that I picked up that scrap of paper and answered your advertisement. I can't say enough for the E. R. Page Pile Remedy. I have recommended it to my friends here and sent some of your pamphlets to friends in other states.

Now you may use this letter or any part of it as you may see fit, to introduce your wonderful remedy. With best wishes for your success, I remain,

Yours very truly,

L. M. COPLIN.

Box 124, Deering, Mo.

### Suffered 25 Years

"It gives me great pleasure to write and tell you I am troubled no more with Piles. I am 64 years of age and have suffered for over 25 years; have tried all kinds of Ointment, etc., without success.

You are at liberty to use my name in reference to your Pile Cure and also my photograph, which I am sending you.

With best regards, I remain yours very truly."

JOHN W. SHUMAN.

1445 N. 8th Street,

Philadelphia, Pa.

### Bleeding Piles for Six Years

"Your Pile Tablets are surely wonderful. I was troubled with bleeding piles, off and on, for six years; couldn't get anything to cure them until I read your ad. in the daily paper. The sample must have cured me—I haven't been bothered since."

Yours truly,

MRS. M. J. MANBECK.

R. R. 2, Box 56,

San Bernardino, Calif.

### "Can Not Be Praised Too Much"

"After suffering years with Piles I feel now as if I had never had them. Your remedy is certainly successful and cannot be praised too much. Had it not been for running across your ad. in the World Almanac, I suppose I would be still bothered with this awful disease.

I want to thank you for your kindness, and if I ever have an opportunity of recommending it I will do so."

Sincerely yours,

E. R. RAYMOND.

222 Broadway,

San Diego, Calif.

### Took the Page Treatment 18 Years Ago

One of the most grateful letters ever received in our office is dated from Gate City, Virginia, and is signed by Mr. T. H. Quillin.

Mr. Quillin writes that he used our method for treating piles 18 years ago. He states that he was cured at that time and has never had any return of his trouble. He orders a treatment for his son.

This is a case to be proud of.

### Was About to Undergo Operation

Camden, N. J., 2817 Polk Ave.

Mr. E. R. PAGE.

Dear Sir:—

"You will be to excuse me for not answering your letter before,

but I wanted to convince myself of the merit of your treatment before replying.

Now in regards to the treatment I cannot praise it too highly.

After 7 months of continual pain I was surprised how quickly your treatment worked.

I tried several different kinds of treatments and I found them all wanting.

I was on the verge of going to a doctor for an operation when I saw your advertisement.

It appealed to me because to cure piles you have to know what causes them.

It is now 6 months since I have taken your treatment and I have not had any trouble since.

I personally recommend this treatment to all pile sufferers.

Wishing you the best of success, I remain, gratefully yours,"

HARRY SCHLECHTER.

### Doctors Recommended An Operation

"I was a sufferer from piles. Two doctors had said there was nothing that would do me any good but an operation. First I tried a sample of your Pile Treatment and was greatly relieved. Then I ordered a regular Treatment and now I feel that I am cured. I advise all people who suffer with piles to take the Page Treatment."

Sincerely yours,

J. W. SHORES.

Box 25, Tallahassee, Ala.

### Only One Effective

"I wish to express my appreciation of your pile cure. Have doted with different doctors but will say have found your cure the only effective one."

Respectfully yours,

HIRAM GRAY.
